By Mat Callahan

AK Press, United Kingdom, 2005. Paperback. Book Condition: New. 223 x 152 mm. Language: English . Brand New Book. There is a crisis facing music. The Trouble with Music includes discussions of: technology and its effects on music making and listening; superabundance and the absence of critical thought; the development of radio; music criticism; copyright; the digital domain and the Internet; labor and music making; and the special relationships among words, dance, politics and music.
