## IT WAS ANOTHER SKIN

Peter Lang Feb 2007, 2007. Taschenbuch. Book Condition: Neu. 223x151x17 mm. Neuware - This study examines the meanings of the kitchen to women who were wives, mothers, housewives and homemakers in the 1950s in Western Australia. It uses qualitative data collected from oral history interviews with migrant and Australian born women. The book provides insight to women's everyday lives and analyses practices, such as cooking, ironing, budgeting, shopping, dishwashing and decorating which provide women with power. Central themes of this study explore the meaning of home and kitchen design and analyses how practices of the kitchen inform women's multiple identities. It also shows how dominant discourses, such as domesticity, femininity and efficiency reinforce gendered notions of women's work in the kitchen. Moreover, the book examines points of resistance, it shows that women perform their everyday practices, design their kitchens and decorate them in ways that perhaps were not always intended by domestic science experts, designers, architects and manufacturers. 293 pp. Englisch.
