Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.If you want a book that bulldozes through all the nonsense, all the smoke and mirrors of teaching, as presented by many of the teaching education experts , then this book is for you, regardless of which subject you teach. It is simple, direct and not concerned with complicated ideologies. Each section in my book provides straight forward, honest basics on how to do the job in a no-nonsense way that produces results. I have been teaching for almost twenty years and I have seen a lot of different fads, flavours of the month, styles, ideas and theories put forth, which have then been discarded and replaced by whatever new radical idea has been dreamed up by some expert or another, usually preceded by a cabinet reshuffle or a change of government! But throughout that time, my own approach has remained, largely, unchanged. The ideas, principles, practices and strategies that I use now are basically the same ones that I used during my early years and I use them for two reasons: 1. Because they work! 2. Because my ideas are not entirely my own. They have been formed through watching and listening to some truly great teachers and by discussing, debating and arguing about teaching with those people, at length and then, having absorbed and learned from and been influenced by their ideas, styles, techniques and strategies, I formed a set of teaching basics , based on their brilliance, NOT my own, which, if followed properly and whole-heartedly, produce success. It s what all successful people, in every aspect of life, do. They learn from others by observing, analysing, questioning, discussing, debating and arguing and then, they...
